

SHIVA KUMAR DEVATHA

Data Analyst | SQL | Power BI | Python | ETL

+91 9908080045 • devathashivakumar@gmail.com • Hyderabad, Telangana • [linkedin.com/in/contact-shivakumar](https://www.linkedin.com/in/contact-shivakumar) • shiva-devatha-portfolio.vercel.app

PROFESSIONAL SUMMARY

Builds analytics that answer questions before stakeholders know to ask them. At TCS, that meant 25+ compliance reports, 50+ production fixes within SLA, and 99%+ data accuracy across 50K+ policy records. Outside work, engineered credit risk models on 225K loan records and automated a full stock market ETL pipeline end-to-end. SQL, Python, Power BI — production-grade, not just portfolio-grade.

EXPERIENCE

Data Analyst | Tata Consultancy Services | BFSI Domain | TCS BaNCS

Oct 2023 – Present | SQL · Power BI · Python · ETL · Excel

- Performed EDA on 50K+ policy records, surfacing trends that drove business decisions and improved reporting accuracy across quarterly cycles.
- Developed and maintained 25+ SQL-based operational and regulatory reports, enabling BI and compliance reporting for internal stakeholders.
- Ensured 99%+ data accuracy through rigorous validation, cleansing, and reconciliation workflows across multiple source systems.
- Optimized 15+ production SQL queries — reducing average processing time by 30% — through index tuning, query restructuring, and elimination of redundant joins.
- Resolved 50+ production data issues within SLA, safeguarding downstream reporting and client-facing deliverables.
- Designed and executed end-to-end ETL pipelines supporting data movement across source systems in the BFSI environment.
- Built and maintained Power BI MIS dashboards for KPI tracking, enabling real-time performance monitoring for business leads.
- Automated repetitive reporting tasks using Power Query, significantly reducing manual effort and turnaround time.
- Translated complex business requirements into efficient, reusable SQL reporting logic with minimal rework across stakeholder iterations.

PROJECTS

Lending Club Loan Portfolio Analytics — Python · SQL · SQLite · Power BI

- Engineered 225K+ loan records using Python (Pandas, NumPy) — built default flags, risk tiers, DTI bands, recovery rate, and employment stability features from raw data.
- Developed 10 analytical SQL queries covering portfolio KPIs, default rate by grade, state-wise performance, and DTI band risk segmentation.
- Built 3-page interactive Power BI dashboard with 15+ KPIs; identified Grade G loans default at 40.43% vs 3.36% for Grade A — a 12x risk differential across the portfolio.
- Derived insight that DTI 30–40 borrowers default at 15.92% — nearly double low-DTI borrowers — supporting debt burden as a key credit risk predictor.

Automated Stock Market ETL & Analytics Pipeline — Python · SQL · SQLite · Power BI · ETL

- Built an automated ETL pipeline to extract, transform, and load 1,700+ stock market records across 7 BFSI stocks from NSE and NYSE into SQLite.
- Engineered 14 financial indicators including RSI, Moving Averages, Volatility, Cumulative Returns, and Buy/Sell trading signals using Python and Pandas.
- Developed 15+ SQL analytics queries and a 3-page interactive Power BI dashboard for portfolio monitoring, stock analysis, and India vs USA market comparison.
- Automated daily pipeline execution with scheduling, logging, audit tracking, and status monitoring to support hands-free data refresh workflows.

Customer Shopping Behavior Analysis — Python · SQL · Power BI

- Analyzed 5K customer records and engineered customer value metrics from 3.9K cleaned records.
- Developed a 6-KPI Power BI dashboard (Revenue: \$256K, AOV: \$65, Repeat Rate: 97%), uncovering that non-discounted orders drove 57% of revenue.
- Delivered insights to improve customer retention and profitability.

SKILLS

Languages	SQL, PL/SQL, Python
BI & Viz	Power BI, Tableau, DAX, Data Visualization, Data Storytelling, Ad Hoc Analysis
Data Tools	SQLite, Power Query, Pandas, NumPy, ETL Pipelines, Data Modelling, Data Governance, Data Cleaning, Databricks
Reporting	KPI Development, Report Automation, MIS Reporting, Regulatory Reporting, Stakeholder Communication
Productivity	Microsoft Excel, GitHub, Microsoft Office Suite

CERTIFICATIONS

Databricks Fundamentals — Databricks Academy
Data Analytics Essentials — Cisco Networking Academy
Data Science 101 (DS0101EN) — IBM Skills Build

EDUCATION

B.E. in Computer Science Engineering | Balaji Institute of Technology & Science, Warangal, Telangana
2019 – 2023

AWARDS & RECOGNITION

- Xcelerate Warrior Award — TCS recognition for performance and learning excellence
- Certificate of Appreciation (Mar 2026) — BFSI PNP HR Team, for timely compliance and support to ADC process aiding FY26 delivery success
- On The Spot Award (Apr 2026) — TCS recognition for excellence in project execution and team contribution
